# Notes to Mobilisation Plan

- The Programme Management Office has updated and issued a suite of operational documents to support officers in their delivery of the programme, specifically the **Programme Approach Document**, Quality Management Strategy and Project Delivery Framework.
- The mobilisation phase is now complete and reporting will stop on this phase. Work is now focusing on the implementation phase pending approval of the blueprint.
- The work reported at the last Shadow Executive to establish the critical path and day one assurance is undergoing validation across each programme.
- Throughout this period Martin Cox and Marie Devlin-Hogg have continued to work with all the Trade Unions on behalf of the programme in defining the approach and the legal requirements of the transfer of staff and most importantly recognising the important role that the trade unions play in what we have to do.
