This Shadow Authority notes that many councils across the country have agreed there is a climate emergency and commends the work that has already been undertaken locally to deal with that emergency.</p> <p>This Shadow Authority believes that as the shadow successor authority, we should treat this issue with the seriousness it deserves and which the public rightly expects.</p> <p>This Shadow Authority calls upon the Shadow Executive to set up a task and finish climate emergency group to advise on the way forward.</p> <p>When set up this Shadow Authority calls on this group to consider and make proposals on:</p> <ol style="list-style-type: none"> 1. how best to draw on the knowledge, expertise and commitment of climate emergency Groups. 2. how to engage all partners in this issue. 3. how to put the climate emergency on everyone’s agenda and in everyone’s work plan; and 4. how to ensure that this council's policies on the environment and the climate emergency are incorporated into its planning policies and implemented in the planning and development control decisions taken by the council after vesting day next year. <p>Proposer Cllr. Andrew Dutton Secunder Cllr. Chris Stanbra</p> <p>ii. This Shadow Authority notes:</p> <ol style="list-style-type: none"> 1. The publication by Government of the White Paper, ‘Planning for the Future’ on 6 August 2020, which sets out proposals on reforms to the planning process for the future. 2. That the vast majority of planning applications are given the go ahead by local authority planning committees, with 	

permission granted to around 9 out of 10 applications.

3. That research by the Local Government Association has said that there are existing planning permissions for more than one million homes that have not yet been started.

This Shadow Authority is concerned that the proposals seek to:

1. Reduce or remove the right of residents to object to applications near them.
2. Grant automatic rights for developers to build on land identified as 'for growth'.
3. Remove section 106 payments for infrastructure and their replacement with a national levy.

This Shadow Authority further notes:

1. The Royal Institute for British Architects called the proposals 'shameful and which will do almost nothing to guarantee delivery of affordable, well-designed and sustainable homes. RIBA also said that proposals could lead to the next generation of slum housing.
2. The reforms are opposed by the all-party Local Government Association currently led by Conservative Councillors.

This Shadow Authority believes:

1. That existing planning procedures through our Sovereign Councils allow for local democratic engagement over future development and give local people a say in planning proposals that affect them.
2. That proposals for automatic rights to build in 'growth' areas, and increased permitted development rights, risk unregulated growth and unsustainable communities.
3. That local communities must be in the driving seat on shaping the future of their communities, and local determination of the planning framework and planning applications play an important part in this process.

This Shadow Authority resolves to:

1. Take part in the consultation in the planning proposals, and to make representations against the proposals as outlined in this motion.
2. Write to and lobby all of our local Members of Parliament,

	<p>urging them to oppose these proposals and to circulate their replies to members.</p> <p>3. Publish its consultation response through the Future Northants webpages.</p> <p>Proposer Cllr. C Stanbra Secunder Cllr. A Dutton</p>
