31 Applications for planning permission, listed building consent and appeal information*

The Committee considered the following applications for planning permission, which were set out in the Development Control's Reports and supplemented verbally and in writing at the meeting. Three speakers attended the meeting and spoke on applications in accordance with the Right to Speak Policy.

The reports included details of applications and, where applicable, results of statutory consultations and representations which had been received from interested bodies and individuals, and the Committee reached the following decisions:-.

<u>Proposed Development</u>	<u>Decision</u>
<p>*4.1 Full Planning Permission: Demolition of Methodist Church building and erection of 8 new dwellings at Grange Methodist Church, Stamford Road, Kettering for Mrs L Hunt, Kettering Borough Council.</p> <p>Application No: KET/2020/0292</p> <p><u>Speaker:</u></p> <p>None</p>	<p>Members received a report about a proposal for which full planning permission was being sought for the demolition of Methodist Church building and erection of 8 new dwellings</p> <p>Members raised satisfaction with a derelict site and a site of previous anti-social behaviour being brought back into use.</p> <p>Members raised questions regarding the minimum space requirements of the proposed dwellings as well as raising concerns regarding noise pollution and biodiversity net loss on site.</p> <p>It was heard that all dwelling proposed met the required floor place standards and that biodiversity net loss was being accommodation off site.</p> <p>Following debate it was proposed by Councillor Marks and seconded by Councillor Carter that the application be approved in line with the officer's recommendation.</p> <p>It was agreed that the application be APPROVED subject to the following conditions:</p>

1. The development hereby permitted shall be begun before the expiration of 3 years from the date of this planning permission.
2. The development hereby permitted shall not be carried out other than in accordance with the approved plans and details listed below.
3. No development above building slab level shall commence on site until details of the types and colours of all external facing and roofing materials to be used, together with samples, have been submitted to and approved in writing by the Local Planning Authority. The development shall not be carried out other than in accordance with the approved details.
4. Notwithstanding the provisions of Article 3 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking and re-enacting that Order with or without modification) no additional openings

- permitted by Schedule 2, Part 1 Classes A or C shall be made in the first floor side elevation or roof plane facing 146 Stamford Road of the building on Plot 1.
5. Notwithstanding the provisions of Article 3 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking and re-enacting that Order with or without modification) no additional openings permitted by Schedule 2, Part 1 Classes A or C shall be made in the first floor side elevation or roof plane facing 160 Stamford Road of the building on Plot 8.
 6. Notwithstanding the provisions of Article 3 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking and re-enacting that Order with or without modification) no building, structure or other alteration permitted by Classes A, AA, B and E of Part 1 of Schedule 2 of the Order shall be made on the application site.
 7. Works audible at the site boundary will not exceed the following times unless with the written permission of the Local Planning Authority or Environmental Health. Monday to Friday 08.00 to 18.00 hrs, Saturday 08.30 to 13.30 and at no time whatsoever on Sundays or Public/Bank Holidays. This includes deliveries to the site and any work undertaken by contractors and sub contractors.
 8. Prior to the commencement of any demolition works or development a Demolition and Construction Management Plan shall be submitted to and approved in writing by the Local Planning Authority. The approved Statement shall be adhered to throughout the construction period and the approved measures shall be retained for the duration of the demolition and construction works.
 9. No development above slab level shall take place on site until details of the vehicular and pedestrian visibility splays have been submitted to and approved in writing by the Local Planning Authority. The agreed details shall be fully implemented before the buildings hereby approved are occupied and
 10. Prior to occupation of each dwelling the access for that dwelling shall be provided in accordance with the approved drawings and shall be maintained as such.
 11. Prior to commencement of construction (not including demolition) the developer shall:
 - a) Remove all made ground from the site for disposal at an appropriate licensed facility, or
 - b) Assess the extent and depth of any made ground and take samples of it for laboratory analysis to determine if there are substances in it that could lead to the site being considered as contaminated land (as defined in Part IIA of the Environmental Protection Act 1990) on completion of the development. If any such harmful substances are present in the ground then the developer shall submit their proposals for remediation of the site to the LPA for approval prior to construction commencing.
 - c) On completion of either a) or b) above to submit a verification report to the LPA for approval prior to occupation of the new dwellings.

12. The parking spaces hereby approved shall be provided prior to the first occupation of the buildings hereby permitted and shall be permanently retained and kept available for the parking of vehicles.
13. Works to and/or demolition of the building identified as Grange Methodist Church on 'Existing Site Plan - Topographical Survey' drawing 4720/GM/19/002 shall not in any circumstances commence until the local planning authority has been provided with either:
 - a) A licence issued by Natural England pursuant to Regulation 55 of The Conservation of Habitats and Species Regulations 2019 authorising the specified activity/development to go ahead; or
 - b) Written confirmation from Natural England that the application site has been registered with the Bat Low Impact Class Licence scheme; or
 - c) A statement in writing from a suitably qualified ecologist to the effect that they do not consider that the specified activity/development will require a licence.
14. No works other than demolition shall take place until a Bat mitigation scheme and timing of implementation of these measures has been submitted to and approved by the Local Planning Authority. The development shall not be carried out other than in accordance with the approved details.
15. No works other than demolition shall take place until a wildlife mitigation scheme and timing of implementation of these measures has been submitted to and approved by the Local Planning Authority. The development shall not be carried out other than in accordance with the approved details.
16. The hard and soft landscaping shall be carried out as set out in the approved drawings. The works approved shall be carried out in the first planting and seeding seasons following the occupation of the building or the completion of the development whichever is the sooner. Any trees or plants which, within a period of 5 years from the date of planting, die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species.
17. The boundary treatment shall be carried out as set out in the approved drawings. The buildings shall not be occupied until the approved scheme has been fully implemented in accordance with the approved details.
18. The approved refuse presentation points shall be provided before the occupation of any of the dwellings affected and retained as approved thereafter.
19. Prior to the commencement of development above slab level, a scheme for achieving the noise levels outlined in BS8233:2014 with regards to the residential units shall be submitted and approved in writing by the Local Planning Authority. If closed windows are required to mitigate the noise then consideration shall also be given to the control of overheating and the provision of sufficient ventilation. Once approved the scheme shall be implemented before first occupation of the residential units and thereafter maintained in the approved state at all times. No alterations shall be made to the approved structure including roof, doors, windows and external facades, layout of the units or noise barriers.

20. All dwellings shall be constructed to achieve a maximum water use of no more than 105 litres per person per day in accordance with the optional standards 36(2)(b) of the building Regulations 2010 (as amended) as detailed within the Building Regulations 2010 Approved Document G - Sanitation, hot water safety and water efficiency (2015 edition).

Scheme of Delegation

This application is brought to committee because the Council is the applicant / landowner.

1. Recommendation

- 1.1 That planning permission be GRANTED subject to conditions.

2. The Proposal

- 2.1 Retrospective application for the erection and installation of 5 no. CCTV columns and cameras.

3. Site Description

- 3.1 The site is a recreation ground known as 'Rockingham Road Pleasure Park'.

- 3.2 The site comprises green space and a popular dog park with athletic and play equipment, plus a dirt bike track.

4. Relevant Planning History

- 4.1 None relevant

5. Consultation Responses

A full copy of all comments received can be found on the Council's website at:
<https://www.kettering.gov.uk/planningApplication/search>

- 5.1 Neighbours / Responses to Publicity
Two letters have been received from members of the public. One of which raised no objections. The other raised objections on privacy impact grounds.
- 5.2 Environmental Health
No comments.
- 5.3 Sport England
No objections.

6. Relevant Planning Policies and Considerations

- 6.1 Statutory Duty
Planning law requires that applications for planning permission must be determined in accordance with the Development Plan unless material considerations indicate otherwise.
- 6.2 National Planning Policy Framework (NPPF) (2021)
Policy 6. Building a strong, competitive economy
Policy 7. Ensuring the vitality of town centres
Policy 12. Achieving well-designed places
- 6.3 North Northamptonshire Joint Core Strategy (JCS) (2016)
Policy 8. North Northamptonshire Place Shaping Principles

7. Evaluation

The key issues for consideration are:

- Principle of Development
- Visual Impact
- Impact on Neighbouring Amenity

7.1 Principle of Development

- 7.1.1 The proposal is a minor operation associated with the maintenance of an established recreation ground and thereby is in support of that use and therefore is considered to be acceptable in principle.

7.2 Visual Impact

- 7.2.1 Policy 8 of the JCS consistent with Chapter 7 of the NPPF seeks development to respond to an areas local character and wider context.
- 7.2.2 The proposal involves the installation of 5 no. CCTV columns and cameras. These are located along the boundary fence that encloses the park.
- 7.2.3 The height of the poles is not excessive and are similar in scale to streetlights which are commonplace in the area.
- 7.2.4 As such the proposal is considered to be in keeping with the character of the area and its environment and therefore is considered to be acceptable in this regard.

7.3 Impact on Neighbouring Amenity

- 7.3.1 The JCS in Policy 8 (e) seeks to protect the amenity of all future and surrounding users of land and buildings.
- 7.3.2 The cameras are installed for the purposes of public safety given that the park is public green space and used for recreation activities as well as local organised events.
- 7.3.3 There are residential properties close to the park, but the cameras will not be pointed towards these properties.
- 7.3.4 The proposal is therefore considered acceptable in terms of neighbour amenity impact.

8. Other Matters

- 8.1 None

9. Conclusion / Planning Balance

- 9.1 In light of the above the application is considered to comply with the Development Plan with no other material considerations that would justify coming to an alternative view and thereby the application is recommended for approval.

10. Recommendation

- 10.1 That planning permission be GRANTED subject to conditions.

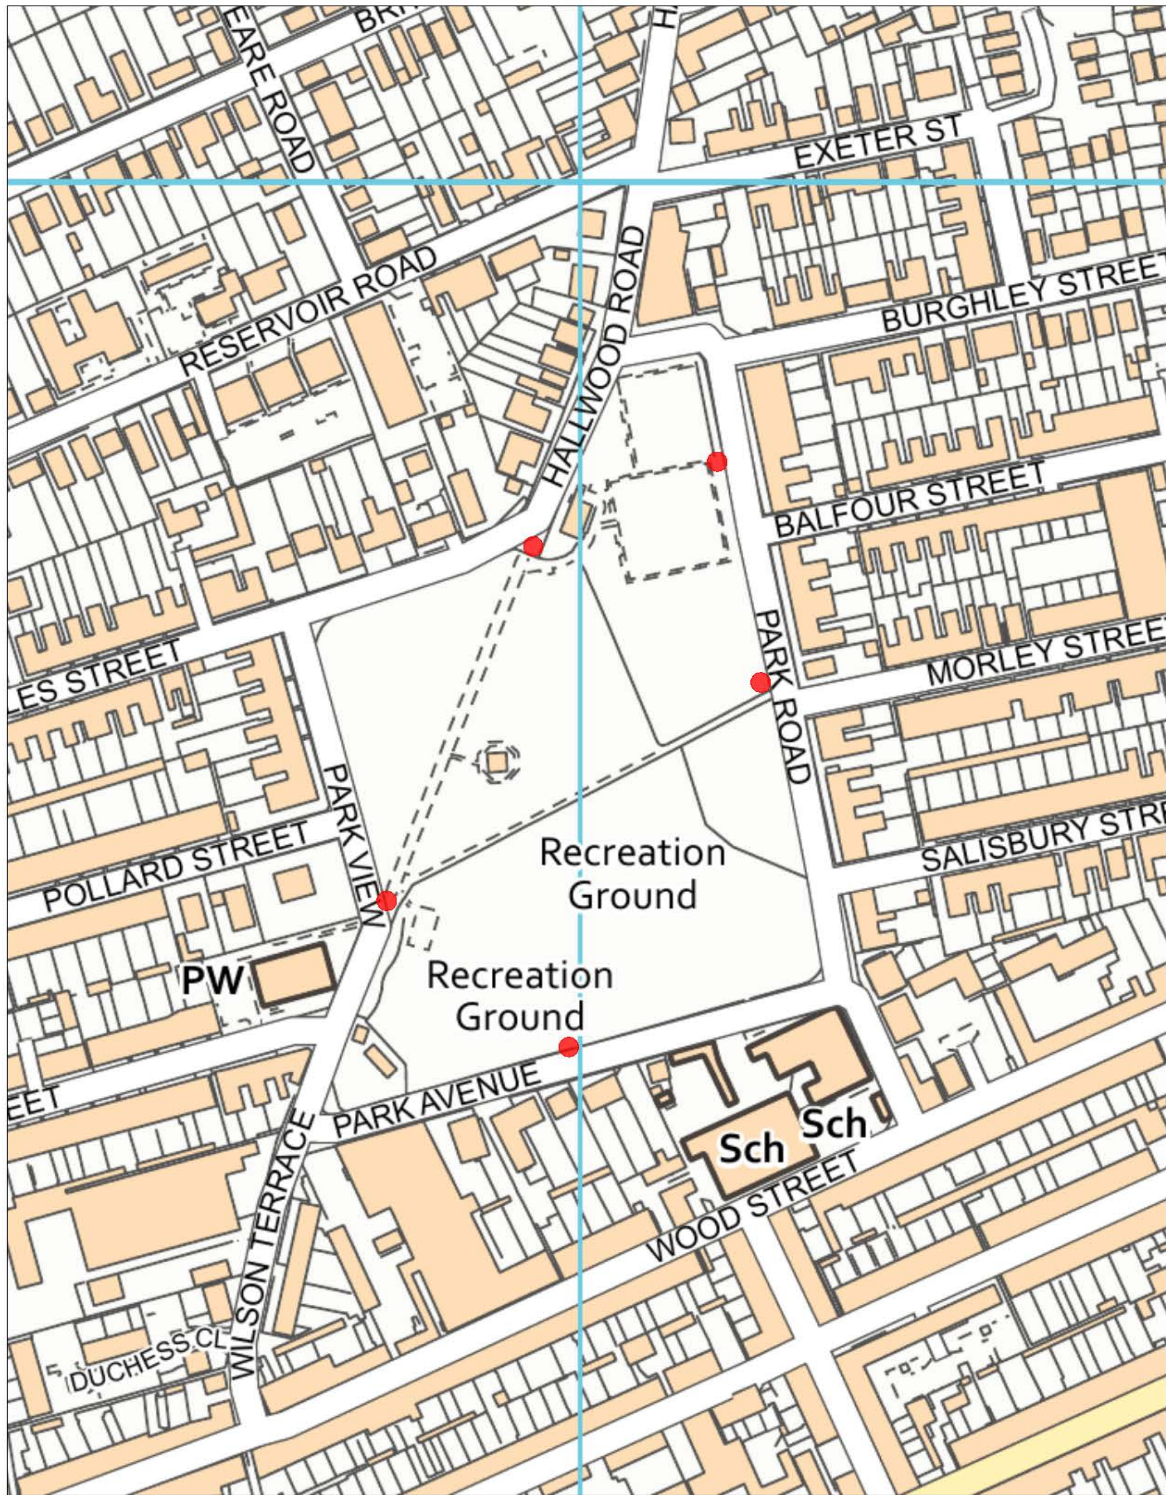

11. Conditions

- 1. The development hereby permitted shall not be carried out other than in accordance with the approved plans and details listed below.
REASON: In the interest of securing an appropriate form of development in accordance with Policy 8 of the North Northamptonshire Joint Core Strategy.

7. Evaluation

The key issues for consideration are:

- Principle of Development
- Visual Impact
- Impact on Neighbouring Amenity
- Highway Matters
- Impact on Nearby Listed Building

7.1 **Principle of Development**

- 7.1.1 The proposal is a minor operation associated with an established town centre location and thereby is in support of that use and therefore is considered to be acceptable in principle.

7.2 **Visual Impact**

- 7.2.1 Policy 8 of the JCS seeks development to respond to an areas local character and wider context.
- 7.2.2 The proposal involves the installation of a CCTV column and camera. This is located on the street corner of Rockingham Road and Dryden Street.
- 7.2.3 The height of the poles is not excessive and is similar in scale to streetlights which are commonplace in the area.
- 7.2.4 As such the proposal is considered to be in keeping with the character of the area and its environment and therefore is considered to be acceptable in this regard.

7.3 **Impact on Neighbouring Amenity**

- 7.3.1 The JCS in Policy 8 (e) seeks to protect the amenity of all future and surrounding users of land and buildings.
- 7.3.2 The camera is installed for the purposes of public safety. There are residential properties close to the site, but the cameras will not be pointed into their properties.
- 7.3.3 The proposal is therefore considered acceptable in terms of neighbour amenity impact.

7.4 **Highways**

- 7.4.1 Highways raised no objections in principle on the basis the column is set back to the rear of the footway and therefore causes minimum obstruction to pedestrians/cyclists. Also, Dryden Street adjacent to it is one-way with vehicular traffic going into the street rather than joining onto Rockingham Road and therefore there are no visibility splay concerns.

7.5 **Impact on Nearby Listed Building**

- 7.5.1 Section 66 of the Planning (Listed Buildings and Conservation Areas) Act 1990 (the Listed Buildings Act) states: "In considering whether to grant planning permission for development which affects a Listed Building or its setting, the local planning authority shall have special regard to the desirability of preserving the building or its setting or any features of special architectural or historic interest which it possesses.
- 7.5.2 Policy 16 of the National Planning Policy Framework seeks to sustain and enhance heritage assets, requiring any harm to the significance of heritage assets

to be weighed against the public benefits of the proposal, including securing the optimum viable use of the heritage asset.

- 7.5.3 Policy 2 of the North Northamptonshire Joint Core Strategy requires new development to complement the surrounding historic environment through form, scale, design, and materials.
- 7.5.4 The Grade II Listed Building, Main Block of Secondary Modern School for Girls now known as The Business Exchange, is located in close proximity to the CCTV Column. However, given the nature of work that was required to install said CCTV column and the retrospective manner it is considered that the CCTV column does not have a detrimental impact upon the Listed Building.
- 7.5.5 Overall the proposal is considered acceptable in terms of design and therefore complies with Section 12 of the NPPF and Policy 8 of the NNJCS.

8. Other Matters

- 8.1 None.

9. Conclusion / Planning Balance

- 9.1 In light of the above the application is considered to comply with the Development Plan with no other material considerations that would justify coming to an alternative view and thereby the application is recommended for approval.

10. Recommendation

- 10.1 That planning permission be GRANTED.

11. Conditions

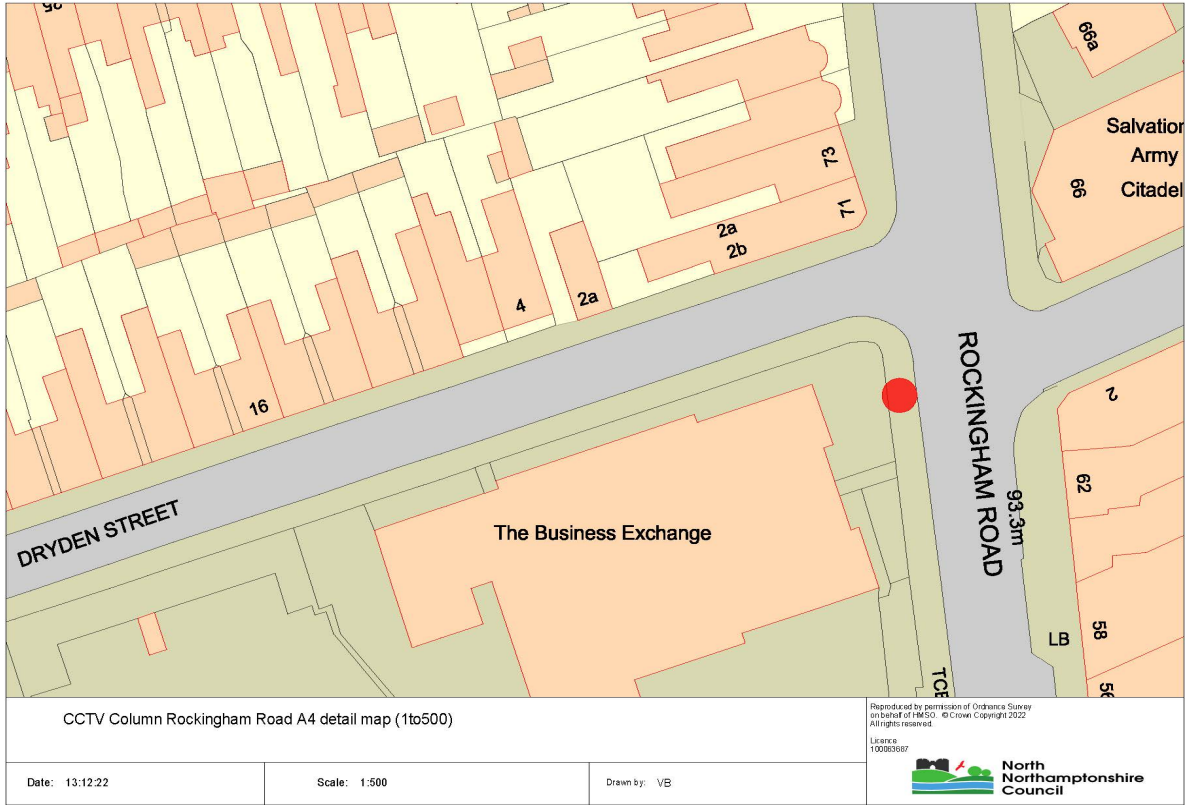

1. The development hereby permitted shall not be carried out other than in accordance with the approved plans and details listed below.
REASON: In the interest of securing an appropriate form of development in accordance with Policy 8 of the North Northamptonshire Joint Core Strategy.

6. Relevant Planning Policies and Considerations

6.1 Statutory Duty
Planning law requires that applications for planning permission must be determined in accordance with the Development Plan unless material considerations indicate otherwise.

6.2 National Planning Policy Framework (NPPF) (2021)
Policy 12. Achieving well-designed places

6.3 North Northamptonshire Joint Core Strategy (JCS) (2016)
Policy 8. North Northamptonshire Place Shaping Principles

7. Evaluation

The key issues for consideration are:

- Principle of Development
- Visual Impact
- Impact on Neighbouring Amenity

7.1 Principle of Development

7.1.1 The proposal is a minor operation associated with an established town centre location and thereby is in support of that use and therefore is considered to be acceptable in principle.

7.2 Visual Impact

7.2.1 Policy 8 of the JCS seeks development to respond to an areas local character and wider context.

7.2.2 The proposal involves the installation of a CCTV column and camera. This is located on Wood Street, at the top of the alley way opposite Wilson Terrace.

7.2.3 The height of the pole is not excessive and is similar in scale to streetlights which are commonplace in the area.

7.2.4 As such the proposal is considered to be in keeping with the character of the area and its environment and therefore is considered to be acceptable in this regard.

7.3 Impact on Neighbouring Amenity

7.3.1 The JCS in Policy 8 (e) seeks to protect the amenity of all future and surrounding users of land and buildings.

7.3.2 The camera is installed for the purposes of public safety. There are residential properties close to the site, but the cameras will not be pointed into their properties.

7.3.3 The proposal is therefore considered acceptable in terms of neighbour amenity impact.

8. Other Matters

8.1 None.

9. Conclusion / Planning Balance

9.1 In light of the above the application is considered to comply with the Development Plan with no other material considerations that would justify coming to an alternative view and thereby the application is recommended for approval.

10. Recommendation

10.1 That planning permission be GRANTED.
