

North Northamptonshire Health and Wellbeing Board 6 September 2022

Report Title	Integrated Care Partnership (ICP) Strategy and North Place Development
Report Authors	David Watts - Executive Director of Adults, Communities and Wellbeing (DASS) Ali Gilbert - ICS Place Director

List of Appendices

- Appendix A – DHSC ICP strategy statutory guidance
- Appendix B – ICP strategy development board terms of reference
- Appendix C – North Place delivery Group terms of reference

1. Purpose of Report

- 1.1 To provide an overview of the development of the Northamptonshire Integrated Care Partnership (ICP) strategy.
- 1.2 To provide an update on the progression of the Northamptonshire Integrated Care System development of 'the North place' as outlined in the last North Health and Wellbeing Board meeting.

2. Executive Summary

- 2.1 Since the last HWB meeting, the DHSC have published statutory guidance for the Integrated Care Partnerships' (ICP) central role in the development of a strategy to support the planning and improvement of health and care.

It proposes that 2022/23 will be a 'Transition Year' recognising the time available will limit the breadth and depth of the initial integrated care strategy. It is expected that the integrated care strategy will mature and develop over time. The guidance includes statutory requirements which need to be included in the strategy content.

- 2.2 Since the last North Northamptonshire Health and Wellbeing Board ,a North system stakeholder event has been held to explore and develop the function of the LAPs and CWF. The event was led by Councillor Helen Harrison, Executive Member, Adults, Health and Wellbeing, David Watts and Ali Gilbert.

2.3 The inaugural meeting of the North Place Delivery Group was held on 22 August 2022 to progress and implement the North Place development, ensuring that the governance framework is simple, functional and enables the development and functioning of the LAPs and Community Wellbeing Forums.

3. Recommendations

3.1 It is recommended that the Board:

- a) Note progress of the Integrated care Partnership Strategy development;
- b) Note the progress of the Integrated Care Partnership North Place development.

3.2 Reason for Recommendations

The North Northamptonshire Health and Wellbeing Board has made a commitment:

- a) To contribute to the development of the emerging ICP Integrated Care Strategy;
- b) To provide oversight of the North Place development and progress made by the North Place Delivery Group.

4. Report Background

4.1 Integrated Care Partnership (ICP) Strategy

Since the last North Northamptonshire Health and Wellbeing Board meeting, the DHSC have published statutory guidance for the Integrated Care Partnerships' (ICP) central role in the development of a strategy to support the planning and improvement of health and care.

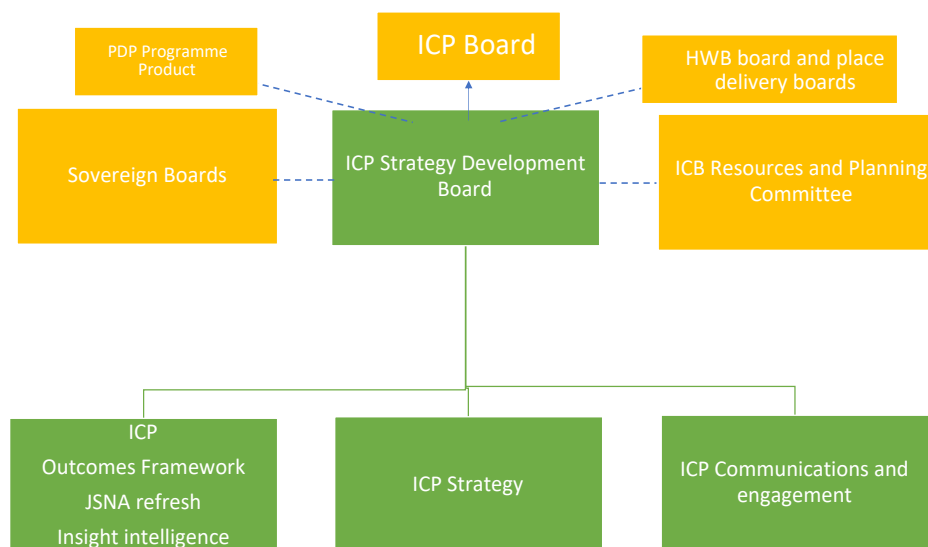

Appendix A provides a summary overview of the guidance, and it proposes that 2022/23 will be a 'transition year' recognising the time available will limit the breadth and depth of the development of the initial integrated care strategy. It is expected that the integrated care strategy will mature and develop over time.

The guidance defines statutory requirements which need to be included in the strategy content and includes:

- Strategy based on evidence and needs assessment
- To deliver system-level, evidence-based priorities in the short, medium- and long-term
- Integration of health and social care and wider determinants of health and wellbeing
- Consideration of joint working and opportunity for section 75 agreements.
- Extensive engagement and involvement
- Contents of the strategy to build on existing strategies.
- To publish by December 2022 the content of the Integrated Care Strategy.

The North Northamptonshire Health and Wellbeing Board will own and develop a Health and Wellbeing Strategy for North Northants that will underpin the Integrated Care Strategy, focused on its inequalities, health challenges and solutions that drives local service design. This is a key requirement of the ICP and will influence the ICB's 5-year Commissioning Plan.

The Northamptonshire Strategy Development Board has been established to progress the development of the strategy and are working short term with PA Consulting to produce an initial high-level framework in line with the recently published DHSA guidance. **Appendix B** covers the terms of reference of the board.

PA Consulting are currently working within the ICS Strategy Development Board to develop an outline strategy which incorporates existing strategic materials existing with the ICS to anchor the strategy. This will be aligned to the ICS ambitions and 'Live Your Best Lives' framework connected to the ICS outcomes framework and it will be compliant with the statutory guideline ask.

Engagement with wider stakeholders is being progressed as an integral component of the development.

4.2 North Place development

4.3 Since the last North Northamptonshire Health and Wellbeing Board, a North system stakeholder event has been held to explore and develop the function of the LAPs and CWF. The event was led by Councillor Helen Harrison, Executive Member, Adults, Health and Wellbeing, David Watts and Ali Gilbert with 54 attendees.

4.4 The inaugural meeting of the North Place Delivery Group was held on 22 August 2022 to progress and implement the North Place development, ensuring that the governance framework is simple, functional and enables the development and functioning of the LAPs and Community Wellbeing Forums.

The aims of the North Place Delivery Group proposed were agreed as:

- To further refine of the North Place shared vision, ambitions, and objectives based on the output of the National place development programme underway
- To develop and mobilise the North Place delivery plan
- To further develop a more coordinated, collaborative stakeholder approach of the engagement, co-production, and community activation
- To agree the population groups and development of the appropriate functions of the community wellbeing forums and LAPs
- To support the response of the PCNs to the Fuller report and their alignment with the LAPs
- To implement the insight data tool presented to the ICP on 31 May 2022
- To develop the data intelligence infrastructure to support prioritisation and decision making
- To support the opportunities of North Place transformational commissioning development opportunities with the collaboratives, eg BCF and iCAN
- To support the delivery of the ICS collaboratives where appropriate at place
- To utilise estate enablers to support the developments – asset mapping
- To oversee the emergent voluntary sector infrastructure proposals

Appendix C covers the agreed full terms of reference.

The following are the outline headlines from the inaugural North Place Delivery Board meeting held on 22 August 2022:

- The terms of reference were agreed at Appendix C
- The voluntary sector infrastructure leads, and Voluntary Impact Northamptonshire (VIN) presented a proposal on working collaboratively to support the development of the LAPs. National grants for the North VCSE development have been secured.
- The LAP overall functions were agreed as local design and ‘doing’ partnerships which will support the delivery function of the ICS collaboratives by bringing in the wider determinants of health aspects to address inequalities and support the delivery of the population outcomes, described in the ICS outcomes framework
- LAP boundaries will start as being aligned to the existing North Northamptonshire Council electoral wards
- One LAP to be agreed as the prototype /pioneering LAP and will accelerate its development and lessons learnt to be applied to the other emerging LAPs
- Progress on the approach to mapping of the LAP boundaries was presented which will encompass police beat boundaries, General Practice and future LAP asset mapping
- Community Wellbeing Forums – review of the Healthwatch led review of the existing forums to be considered as the developed function of the CWF’s progresses
- ICS and local community and engagement leads will work with North Place development leadership and Healthwatch to start to explore and test the

community engagement approach for the LAPs in preparation for their development

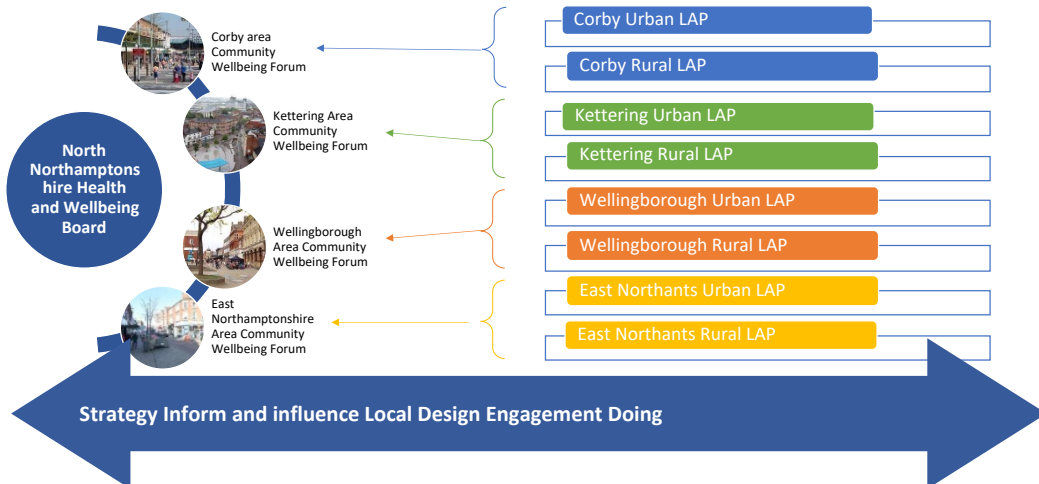

- GP lead nominations for the new four GP locality boards has completed and four GP leads have been confirmed. North GP leadership touchpoints are being planned to ensure the North Place development work is embedded into the locality meetings routinely.
- Public Health leads have established a North business intelligence forum to progress the data and intelligence insight and tools for the LAPs, including an asset-based mapping approach
- Strengthened connectivity with the ICS Population Health Management Group is to be progressed

North Northamptonshire Place Development

General practitioners/PCNs - Interest Groups - Neighborhood Groups - Faith Groups
 Schools - Communities of interest - Elected members - MPs - Public Sector orgs

Area Community Wellbeing forums Local Area Partnerships

5. Issues and Choices

5.1 The ICS and its requirements are requirements under the legislation laid out in the Act and therefore health and social care bodies are required to have in place the specified governance arrangements for 1 July 2022. The structure of the North Place has been developed in consultation with a wide variety of stakeholders and we have taken these views into consideration as part of the final proposal for the ICS operating model

6. Implications (including financial implications)

6.1 Resources and Financial

6.2 There are currently no identified financial implications.

6.3 Staffing resources to facilitate the development of North Place is being managed through existing resources

7. Legal

7.1 There are currently no legal implications

8. Risk

8.1 The wiring of the governance of the emergent place operating model, the ICP , the ICB and the collaboratives is being addressed to ensure that the existing statutory governance and decision making of organisations is connected into ICS operating model decision making.

9. Consultation

Communications will play a key role in informing and engaging the public around the creation of the new ICS and explaining the objectives, priorities to our local communities and how these will translate into future improved outcomes to meet their health and care needs.

10. Consideration by Scrutiny

10.1 No further consideration by scrutiny has been undertaken since the last HWB meeting

11. Climate Impact

There is currently no identified climate or environmental implications.

12. Community Impact

The development of Place will create positive impacts on communities, wellbeing and on our ability to collectively support better outcomes for residents. Key priorities at a local level underpinned by insight data and led by Local Area Partnerships will

drive the delivery of services that meet the wider determinants of health supporting people to live their best life in North Northamptonshire.
