Corby	No	Yes	Option 6 - Original fare increase for your area and retention of individual zones.	Each zone has its own business model and knows their customer base north
Corby	No	Yes	Option 6 - Original fare increase for your area and retention of individual zones.	northants council has absolutely no knowledge or experience of these different business models yet seeks to dictate to the taxi trade who have made their position plain

				I would like to know why the officer's decided upon using Kettering as a blueprint. Who sanctioned this. This seems to be such an inept decision that surely needs accounting for. The towns are different geographically ie Kettering in an old market town where as Corby is a new town. I think the officers if they done their job properly would have used something similar to the surveys Corby Hackney Association used. If they surveyed every town individually they wousee the different levels of demand. I have never witnessed poor standard's ever and to think these are public servants doing what is best for the public is shambolic.

Corby	No	Yes	Option 6 - Original fare increase for your area and retention of individual zones.	Why is nnc trying to ignore the taxi drivers/owners about how corby should be priced when we know through exprice about our customer base and how much they can afford.Are they delibately trying to kill the black taxi trade with these overpriced and unfair suggested prices...

Corby	No	Yes	Option 6 - Original fare increase for your area and retention of individual zones.	Why have the New Authority not consulted with the Public at any levels ?

Corby	No	Yes	Option 6 - Original fare increase for your area and retention of individual zones.	<p>Harmonisation has absolutely no benefit for Hackney carriage drivers and so for this reason I see no point in changing the current zones. The council has put forward this proposal of harmonisation but has not cited any benefits or improvements to our work conditions or reason why it would be beneficial to us drivers to adopt this policy.</p> <p>I can list some problems harmonisation will cause.</p> <p>1. public can flag an out of town taxi not realising the taxi is not from the area and can then be taken on a merry go round journey resulting in an inflated fare.</p> <p>2. It will lead to Hackney</p>

Wellingborough	No	Yes	Option 6 - Original fare increase for your area and retention of individual zones.	NNC must appreciate that the operators know what is best for their trade and what the public are willing to pay in the area in which they are licensed.

Corby	No	Yes	Option 6 - Original fare increase for your area and retention of individual zones.	<p>The council is not acting in the best interests of its tax payers and is heaping extra costs onto them whilst least being able to afford it.</p> <p>The whole concept of harmonisation of the taxi zones is totally flawed, it's abundantly obvious the zones work differently from each other and particularly Corby which operates more akin to London than rural areas. The council is attempting to harmonise chalk and cheese.</p> <p>The council's claim this is a maximum fare and does not have to be charged absolutely destroys the very reasons taxi meters were introduced years ago (so the paying public can hire a taxi and be confident that they are being charged the correct fare).</p>

Corby	No	Yes	Option 6 - Original fare increase for your area and retention of individual zones.	The fare increase you're proposing is far too excessive and if it was to go ahead alot of people wouldn't be able to afford to get taxi's anymore.
