

**CONSULTATION ON DRAFT NORTH NORTHAMPTONSHIRE  
HACKNEY CARRIAGE AND PRIVATE HIRE LICENSING POLICY AND CONDITIONS**

North Northamptonshire Council is reviewing its policies in respect of Hackney Carriage and Private Hire Licensing, as it is currently operating under the four former sovereign council policies and conditions in respective areas of North Northamptonshire.

A draft policy and conditions have been formulated by combining the four sovereign policies and conditions as far as possible, whilst incorporating relevant updated guidance and statutory requirements.

Due to the complex nature of combining and updating four separate policies and licensing conditions, it is not possible to map existing changes from the previous policies to the new draft one. As such, this consultation has been devised to permit the widest possible scope of responses, as we want to implement a new policy and conditions which fairly balances the interests of all parties and stakeholders, whilst maintaining appropriate standards.

Due to the scope of this consultation it has been set up to be managed via electronic media. However, should anyone require paper copies of any documentation, please contact the relevant licensing team for that area using the contact details overleaf.

The consultation is running for 8 weeks from 1<sup>st</sup> June to 27<sup>th</sup> July 2022

Responses can only be accepted in writing and must be submitted by 5pm on the closing date above. Late responses will not be accepted. The process for consultation, review and implementation of the amended policies is outlined below:

- Consultation for 8 week period;
- Consultation responses considered, amendments made where appropriate and draft report compiled for Licensing and Audit Committee; Recommendations from Licensing and Audit Committee to Full Council;
- Proposed amendments and draft policies considered by Full Council;.
- Policy ratified by Full Council;
- New policies and conditions of licensing come into force

|   |                                 |  |   |  |
|---|---------------------------------|--|---|--|
| 1 | <b>Licensing Policy</b>         |  |   |  |
|   | <b>Section Reference Number</b> | <b>Comment on Policy Section</b>   | <b>Likely Impact or Justification For Comment</b>               | <b>Reference to Evidence (if applicable)</b> |
|   | 4.1.2                           | An operator has been advised that the grandfather rights are either 5 years or when the vehicle reaches 10 years old – whichever comes first. Grandfather rights as stated in 4.1.2 are for 5 years from the date this policy is implemented as long as the vehicle has continuously been licenced in that time. So regardless of the vehicle age Grandfather rights will exist for 5 years. |   |  |
|   | 4.1.10                          | The test for drivers for each area I assume is for new drivers only for each area. So existing hackney drivers for WB zone 4 would not have to sit a test in their own area – they would only need a test if they wanted to ply for hire in Ketteirng?   | This section needs to be reworded if this is for “new” drivers. |  |
|   | 4.2.1                           | There needs to be a defined timeline for processing new applications – not just processed without delay. As staff are still not back full time in offices this does cause delays as there are only limited appointments.   |   |  |
|   | 5.0.2                           | Dual Badges? Currently WB have 2 separate badges with 2 charges. If badges start at different months currently – when the first expires and a dual badge is applied for, will a pro-rata refund be given for the 2 <sup>nd</sup> badge?  |   |  |
|   | 5.6.6                           | States only DBS’s applied through NNC will be accepted – this would be for new applications once the policy is implemented? Drivers already on the update service under their “old” councils should automatically be accepted too under the transfer to NNC?   |   |  |
|   | 5.12.1.12                       | Why would an existing driver applying for a renewal of licence be required to sit a test? You have already accepted that they are fit and proper to be accepted as a driver. This should be for new drivers only and where existing drivers have had a compliant made against then which warrants a retest. Nothing short of an insult to drivers who have held their badges for years       |   |  |

|                 |  |   |   |  |
|-----------------|--|---|---|--|
|                 |  | without cause for concern.  |   |  |
| 5.12.2.2        |  | Safeguarding Test – all drivers in Wellingborough should have passed this test in early 2020 as we were all requested to attend a course, therefore all drivers should already have this certificate.   |   |  |
| 5.12.3.5        |  | Why would an existing driver applying for a renewal of licence be required to sit a test? You have already accepted that they are fit and proper to be accepted as a driver. This should be for new drivers only and where existing drivers have had a complaint made against them which warrants a retest. Nothing short of an insult to drivers who have held their badges for years, along with extra costs incurred.  |   |  |
| 6.1.1.4         |  | There needs to be a caveat in this section regarding “grandfather rights” of existing vehicles. The council should consider the maximum age of vehicles as buying a vehicle potentially every 10 years would have a huge impact on a business – especially small businesses. A suggestion would be a maximum of 12 years and after 10 years an additional test is carried out on the vehicle. A second suggestion would be that some councils have adopted is that where vehicles are hybrid or Euro 6 diesels these are accepted for a longer maximum period as they are already vehicles with better emissions.   | The cheapest 8 seater vehicle brand new – euro 6 is £35000 – if you then added interest at 6% over 5 years you’d add another £10,500 approx to the cost of the vehicle – making it £46500 which is a huge investment for any business and if a business is expected to change a vehicle every 10 years it would no longer be viable.<br>Looking at the main players of new taxis as at today none of the companies are offering full electric 8 seaters either. They are only offering hybrids at a cost of around £43 to £47,000 – again a huge investment which small companies cannot sustain every 10 years.  |  |
| 6.2.7 and 6.2.9 |  | You state in 6.2.7 that MPV vehicles are allowed allowing 4-8 passengers. Yet in 6.2.9 you state that seating in PH vehicles must be permanent, not be folded away and a clear route out of the vehicle.<br>The definition of an MPV - What is an MPV (multi-purpose vehicle)? MPV is short for multi-purpose vehicle – a type of car generally favoured by families due to a more practical interior than a regular hatchback's, often coming in five- and seven-seat forms. Most MPV's are 7 seats including the drivers' seats with fold down seats to get into the back row. If we are allowed MPV's then as they are mainly manufactured as 7 seats with fold down seats then they should be allowed. Most MPV's | The majority of 6 to 8 passenger vehicles are all forward facing seats – therefore to get into the back row you need to flip a seat. If these are not allowed then you eliminate a vast selection of vehicles from being used as taxis, all of which are manufactured in this way and are safe for passengers.<br>The only alternative is a 9 seater conference seating configuration at a cost of over £45000 brand new which would see many individuals and small businesses not being able to afford and put out of business.<br>Most passengers travelling to airports also prefer forward facing seats and not travelling in a backward position.<br>There is no justification for not allowing manufactured purpose built MPV's with fold down seats. |  |

|        |  |   |   |  |
|--------|--|---|---|--|
|        |  | hold just as high NCAP ratings as other vehicles so there is no safety issue with using one as a taxi.  |   |  |
| 6.2.16 |  | <p>April 2025 new vehicles either hybrid or fully electric. Following on from the above point on MPV's – to have an 8/9 seater on the road fully electric with full access would cost in the region of £60,000 – the LDV E80 is the only one I can find that offers this – unless you go for the TX which entry price is the same. It's not "fuel" efficient – only does 120 miles to the charge which would not get you to Heathrow and back without having to stop and charge it. You therefore would end up having to increase prices to pay for the charge waiting time for the driver, so the customers would end up paying more. You may even have to stop en route to Gatwick if there was a traffic jam or you had to divert as Gatwick from WB is approx. 110 miles. Opting for smaller 4-seater would be better value but still the best miles per charge is approx. 280 but then the boot size is too small to hold 4 cases.</p> <p>Such a high investment will certainly see a good majority of small taxi companies and individuals giving up as it would be no longer cost effective to invest. The taxi trade is currently way short of workers, and this would just place it into dire straits.</p> | <p>According to Zap map there are only 7 charging areas currently in Wellingborough covering the whole borough and 42000 across the uk. According to EV-Charger by 2030 there needs to be 2.3 million charging points in the UK – which is 700 new installs every day by 2030. Yet the government has only advised there will be 300,000 by 2030 – which is an extra 258000 in th UK over today's current figure, which by the same percentage as above gives WB an extra 42 charging points for the whole borough.</p> <p>The infrastructure will be totally insufficient as at 2030 to allow potentially up to 200 taxis to charge their vehicles alongside the general public. The infrastructure needs to be in place before you dictate by 2030 we all need to have either fully electric or hybrid vehicles.</p> <p>The cost of installing electric points at home/work premises is between £800 and £1100 – again a cost that we take the brunt off. If an operator has a fleet of say 5 cars that's up to £5500.00 further investment on top of the cost of the vehicles.</p> <p>I would suggest that Euro 6 vehicles and current hybrid vehicles are allowed to continue past 2030 / 10 year rule to allow more time for a more concrete infrastructure.</p> |  |
| 6.4.4  |  | This is for new drivers and new vehicles??  |   |  |
| 6.5.1  |  | Renewals 6 weeks in advance as 28-day turnaround? Tests on vehicles cannot be done until the 1 <sup>st</sup> day of the month the vehicle expires (so we have been told) – so a vehicle expiring on 31 <sup>st</sup> July cannot go in for its council test at the earliest the 1 <sup>st</sup> July – so the 6 weeks cannot be adhered to unless the council is changing this rule at the test centres. Currently in WB it's 5 working days – so why does it need to be 28 days?   |   |  |

|--|---------------------------------|---|---------------------------------------|--|
|  | 2.2                             | There is no reason why a hackney or PH driver having held their licence and being accepted as fit and proper should have to sit a driving or theory test at renewal – unless there has been a complaint made against that person which justifies a retest or they have had points on their licence since the last renewal. A money-making opportunity that is not a necessity |                                       |  |
|  |                                 |   |                                       |  |

| 6                               | <b>Appendix E</b>  |                                       |  |  |
|---------------------------------|--|---------------------------------------|--|--|
| <b>Section Reference Number</b> | <b>Comment</b>   | <b>Likely Impact or Justification</b> | <b>Reference to Evidence (if applicable)</b> |  |
| 11.3                            | This needs to be relayed to School contracts at West Northants as they expect 6 and 8 seaters to be fully loaded with passengers. If all junior school age then they can't do this. If it only applies to certain sized vehicles than it needs to be made clear what vehicles. |                                       |  |  |
|                                 |  |                                       |  |  |
|                                 |  |                                       |  |  |

|  | <b>Do you have any other general comments or observations on the Councils Draft Taxi and Private Hire Licensing Policy and Conditions?</b> |
|--|--|

Please continue on a separate sheet if necessary

In order to minimise the opportunity of multiple responses from one individual or organisation, anonymised responses will be highlighted as such and may not be given as much weight or credence as other responses. The same will apply to those responses which are not anonymised but which are clearly duplicated.

Please provide the following information:-

Name of respondent ..... [REDACTED] .....

Representing Organisation (if applicable)... [REDACTED] .....

North Northamptonshire Council Licence holder? YES                      If Yes please state licence number ..... [REDACTED] .....

Contact telephone number ..... [REDACTED] .....

Contact e-mail address ..... [REDACTED] .....

Please note responses received from this consultation may be published in public reports.

If you do not wish your comments to be attributed to you or your organisation in any published report please tick the box below. Please be aware that any submission may still be disclosable:

Thank you for taking the time to respond to this consultation exercise.

Please note that all comments must be received in writing by North Northamptonshire Council by **5pm on 27<sup>th</sup> July 2022**. Any comments received after this date will not be considered as part of the consultation review.

All responses should be returned to: [licensing.BCW@northnorthants.gov.uk](mailto:licensing.BCW@northnorthants.gov.uk) **marked** with the subject header titled “**Taxi Consultation response**”.

Or by post to:  
North Northamptonshire Council,  
Sheerness House,  
41 Meadow Road,  
Kettering,  
NN16 8TL.

Please mark the envelope to Kettering Licensing - Taxis
