

STARSHIP

Decarbonising 'last mile'

Lisa Johnson, Director of Public Affairs

A Day in the Life

Starship Operations: 1.6 million UK miles

- UK: Northamptonshire, Milton Keynes, Cambridge, Bedford
- Finland
- United States
- Germany

STARSHIP

Taking cars off roads

50% - 70% of customers would
have driven to the supermarket

STARSHIP

Zero emission

One **STARSHIP** delivery

=

the same energy
to boil water for
one cup of tea

Carbon Reduction

Reduction in vehicle miles: 1.1 million

Reduction in CO₂*: 470,000kg

*estimate based on comparison with standard combustion engine

A lower emission future

- Longer battery life
- Greater energy efficiency
- On-site charging
