1. Purpose of Report

- 1.1. To obtain the Sub-committee's decision in respect of an application for a new premises licence for the Raunds Festival of Transport, Raunds town centre area.

2. Executive Summary

- 2.1 An application for a new premises licence for Raunds Festival of Transport was received on 5 May 2022. The appropriate notices were displayed and the advertisement was placed as required. Further to one representation the report invites the Sub-committee to determine the application.

3. Recommendations

- 3.1 The Sub-committee is recommended to determine the application.
- 3.2 Each application must be considered on its own merits and any conditions attached to licences and certificates must be tailored to the individual style and characteristics of the premises and events concerned. This is essential to avoid the imposition of disproportionate and overly burdensome conditions on premises where there is no need for such conditions. Standardised conditions should be avoided and indeed, may be unlawful where they cannot be shown to be necessary for the promotion of the licensing objectives in any individual case.

4. Report Background

- 4.1 The application is to allow licensable activities to take place annually in Raunds Town Centre. The event will be situated from the Town Hall, Brook Street through the High Street to Rotton Row and will include The Square.
- 4.2 The Festival will have many vehicles on display throughout the area shown on the application plan (see Appendix A). Alongside vehicles there will be stalls, vendors and the event will also include entertainment on the Market Square.

5. Issues and Choices

5.1 Determination

- 5.1.2 The Sub-Committee must carry out its functions to promote the licensing objectives having regard to:
- The Council's Licensing Policy
 - S182 Guidance
- 5.1.3 The Act states that the hearing shall have regard to the representations and following a hearing the Sub-Committee may take any of the following actions if they deem them necessary to promote the licensing objectives:
- Grant the licence subject to operating schedule and mandatory conditions only
 - Grant, subject to further conditions necessary for the promotion of the licensing objectives
 - Refuse the application in its entirety

- Refuse elements of the application

5.2 Policy Considerations

5.2.1 This section highlights the elements of the licensing policy that are most relevant with respect to this application. This is not exhaustive and the policy should be considered fully prior to making decisions with respect to applications: -

- 2.12 This Licensing Authority will also have regard to wider considerations affecting the residential population and the amenity of any area. These include littering, fouling, noise and street crime.
- 2.13 In determining a licence application the overriding principle adopted by the Licensing Authority will be that each application will be determined on its merits. Only mandatory conditions and conditions relevant to the operating plan will be imposed except where relevant representations against an application are received. Where relevant representations are received then further additional conditions to meet the licensing objectives may be added provided they are appropriate, proportionate and reasonable and deal with the issues raised. Licence conditions will not be imposed where other regulatory regimes provide sufficient protection to the public (e.g. Health and Safety at Work and Fire Safety legislation).

5.3 Section 182 Guidance Considerations

5.3.1 Section 9.31 to 9.41 highlights the elements of section 182 Licensing Guidance that are most relevant with respect to this application. This is not exhaustive and guidance should be considered fully prior to making decisions with respect to applications.
