1. Purpose of Report

1.1 This report provides a brief overview of current governance and reporting arrangements for Northamptonshire Children’s Trust (NCT).

2. Executive Summary

2.1 Northamptonshire Children’s Trust (NCT) was established in November 2020 by statutory direction from the Department for Education (DfE). In the following April two new Unitary Authorities (North Northamptonshire Council and West Northamptonshire Council) were established to replace the former County Council and the District and Borough Councils within the area.

2.2 Prior to its dissolution, a contract was agreed between Northamptonshire County Council and NCT for the provision of children’s social care, targeted early help and youth offending services by NCT for a ten-year period, subject to review at 5 years. The contract sets out the obligations of both parties, the contract governance arrangements, and performance expectations and monitoring, among other matters. The contract was inherited by the two new Unitary authorities when they were established in 2021.

2.3 The attached report from the Trust included as Annex 1, together with supporting appendices, sets out the current governance and reporting arrangements for the Trust.
