7	Unsustainable finances (medium term from 2024/25)	Whilst the budget for 2023/24 is balanced, the position for 2024/25 onwards continues to be uncertain due to the prevailing economic climate particularly inflationary factors for pay and prices, as well as demand pressures, such as children's services and adult social care. There remains risks from continuing LGR/transformation related changes as services are disaggregated and/or reformed as well as the Government review of funding for Local Authorities which is anticipated in the next Parliament. This risk reflects this uncertainty.	Resources are insufficient and this results in non achievement of Corporate Plan priorities, with consequent negative impacts on residents and other stakeholders. 8	Inability to remain within budget for the current year (2023/24)	The requirements from demand led services such as children's social care are concerning and already outstripping the budget as at P2 reporting. Other areas such as Home to School Transport and Adult Social Care also remain a risk in this regard. The budget is also still impacted by the significant impact of higher than anticipated inflation (both pay and prices). The level and extent of the inflationary increases is higher than the OBR forecast at the time the budget was set. The pay award (although not yet approved) already exceeds the budgetary provision of 4%. The cost of living challenges will also potentially present difficulties for income generation in areas such as leisure, with greater support mechanisms being required as well as possibly resulting in increased service demand in areas such as homelessness.	The Council will overspend, which will impact on the level of reserves. The Council is currently forecasting an overspend predominantly due to demand and price pressures.	Exec Director of Finance & Performance	5	4	20	Ongoing monitoring and scrutiny. Reserves and contingency to offset in year pressures. This may be due to lack of financial resilience or other factors, impacting the onward ability of the Council to secure required services to its residents. A key risk given COVID impact, inflationary pressures, negotiation of UK trade deals following UK Exit and lack of competition in some markets.
