List of Appendices

Appendix A – Levelling-Up North Northamptonshire Plan v2.1 December 2023

Appendix B – Levelling-Up Progress Summary v1.1 December 2023

1. Purpose of Report

- 1.1. To provide the Executive Advisory Panel with a progress report for the Levelling up action plan and agree the proposed steps for further consideration of the progress report, as set out on page 5 of **Appendix A**.

2. Executive Summary

- 2.1. An amended motion at Full Council on 28th July 2021 called for the Scrutiny Commission to review the underlying data and associated report relating to areas highlighted as “left behind” and bring forward a proposed plan to work towards Levelling Up those left behind areas.
- 2.2. The Scrutiny Review concluded its work with a report to Scrutiny Commission on 5th July 2022. The content of the final report was subsequently agreed by the Executive on 25th August 2022, and the proposed plan to be progressed under the political leadership of the Executive Member for Housing, Communities and Levelling-Up, with the Executive Director for Adults, Health Partnerships and Housing.
- 2.3. **Appendix B** provides a summary position for the programme to date, setting out some of the key achievements

3. Recommendations

- 3.1. It is recommended that the Executive Advisory Panel:
- a) Receive and provide feedback on the Levelling Up in North Northamptonshire Plan progress update.
- 3.2. Reason for Recommendations:
- i) The levelling up agenda is both a national and local priority and of importance to council members. The scrutiny review was undertaken because of an amended motion and discussion at Full Council.
 - ii) The recommendations seek approval from the Executive to progress the update through the governance set out in **Appendix A** (Page 4).
- 3.3. Alternative Options Considered:
- i) Do not follow the governance set out in the Levelling Up plan, and transfer reporting activity to Business as Usual activity.
- 3.4. Whilst it would be expected that this activity will eventually transfer into business as usual activity and be subsumed into the corporate plan priorities, it is felt that there should be 1 – 2 full reporting cycles including scrutiny and full council prior to transferring this activity to business as usual.

4. Report Background

- 4.1. An amended motion at Full Council on 28th July 2021 called for the Scrutiny Commission to review the underlying data and associated report relating to areas highlighted as “left behind” and bring forward a proposed plan to work towards Levelling Up those left behind areas.
- 4.2. The Scrutiny Review concluded its work with a report to Scrutiny Commission on 5th July 2022. The content of the final report was subsequently agreed by the Executive on 25th August 2022, and the proposed plan to be progressed under the political leadership of the Executive Member for Housing, Communities and Levelling-Up, with the Executive Director for Adults, Health Partnerships and Housing.
- 4.3. Links to the full report are provided in the background papers section of this report.
- 4.4. A governance structure is in place to maintain momentum and ensure delivery of a Levelling Up plan that was informed by the Levelling-Up Scrutiny review.
- 4.5. Recognising delivery of the plan needed to be managed through a matrix approach. This means that there are already services or partnership

arrangements delivering aspects of the plan’s recommendations, however it is important for any developments to be cognisant of the Levelling-Up Plan.

- 4.6. Whilst parts of the plan will be delivered through Business as Usual (BAU) activity, there will be commitment and work required that may require individuals or teams to complete work in addition to their BAU roles or to set up task and finish groups to deliver. Where this happens, that activity will be directly monitored through the Levelling Up Delivery Group.
- 4.7. **Appendix B** provides a summary of work delivered to date. Where that work is led through a service or partnership the respective service or partnership is referenced in the progress summary.
- 4.8. Whilst the governance and matrix management approach to managing this activity has proven complicated, there are a significant number of milestones achieved. Where the “Key project progress” column in **Appendix B** states “refer to...” this indicates that key evidence on progress is held in full through those pieces of work by the service, report or partnership referenced.
- 4.9. A summary table of key achievements for each recommendation is included below.
