6 Medium Term Financial Planning and the Annual Budget

6.1 Council's Medium Term Financial Plan (MTFP) provides a four-year overview of the Council's anticipated resources, expenditure commitments, and resulting savings requirement. The MTFP allows resources to be prioritised to achieve the vision set out in the Corporate Plan, which is underpinned by the Council's priority objectives included within individual Service Business Plans.

6.2 The MTFP, therefore, is the financial framework that informs the annual Budget setting process and is integral within the Council's business planning.

6.3 Various internal and external factors will influence the planning assumptions underpinning the MTFP and these include the following variables:

- corporate priorities
- levels of Council Tax
- likely impact on inflation in the current and future economic climate
- future Spending Reviews and funding allocations to councils
- Government Legislation.

6.4 The Medium Term Financial Plan considers the following key underlying principles;

6.5 The CFO will set an annual timetable to enable the development of the MTFP, Revenue Budget and Capital Programme for the consideration of Executive and approved by the Full Council.

6.6 The integrated process of business planning and the development of budget proposals shall be prepared by Chief Officers in the form required by the CFO, in accordance within the agreed timetable, so information can be examined and challenged before submission to the Executive .

- external funding opportunities are fully explored
- the availability of an annually updated list of fees and charges

6.8 The minimum standards required for officers to follow are set out in SORP 2 - Business and Financial Planning.

6.9 The MTFP will cover the annual budget year, plus at least three future years. These documents will be developed and approved in accordance with the

Budget and Policy Framework set out at Part 3.3 of the constitution.

7 Medium Term Capital Programme

- 7.1 Investment in capital assets shapes future service delivery and creates future financial commitments. The Medium-Term Capital Programme is laid out within the Council's Capital Strategy and is a five-year programme of estimated capital expenditure and associated funding.
- 7.2 The Executive will receive proposals for inclusion in the Council's Capital Programme and will submit a proposed programme (including block provisions where appropriate) to the full Council for approval. The programme will include all capital schemes including those proposed to be financed from revenue resources or external funding sources.
- 7.3 In year, the Executive may approve new schemes estimated to cost less than £500,000 that have not previously been included in the Capital Programme. New schemes estimated to cost more than £500,000 must be approved by Council.
- 7.4 Before a scheme in the Medium-Term Capital Programme receives final approval from the Executive to proceed, Chief Officers must put forward to Executive their recommendation based on a Capital Programme Board project appraisal (in the form of a Project Initiation Document) covering the following elements as a minimum requirement:

8 Forecasting and Monitoring

Revenue

- 8.1 The financial management and budgetary control of each Service budget is the overall responsibility of the appropriate Chief Officer.

8.2 Each Chief Officer must ensure that there is a designated Budget Manager who is accountable to the Assistant Director for the detailed management and financial monitoring of all budgets. The CFO should be notified of any changes to Budget Managers, so that all budgets continue to always have a named manager.

8.3 Each Budget Manager responsible for a revenue budget shall:

- sign an accountability letter at the start of each financial year to demonstrate they are aware of the budget they are responsible for, they have access to and knowledge of the Financial Procedure Rules and their individual responsibilities as a Budget Manager

- support the Council in regular cost control exercises.

8.4 Chief Officers need to ensure that expenditure is contained within approved budget allocations, there is a robust control environment and that accurate financial forecasting is completed on a monthly basis within the Council's Financial ERP system.

8.5 The CFO will take budget monitoring reports to Executive , Audit and Governance Committee and Budget Scrutiny on a regular basis. These reports will contain updates on both revenue and capital budgets as well as any management actions being taken where variances have been identified from these reports.

Capital

8.6 The financial management and budgetary control of each Capital Scheme is the overall responsibility of the appropriate Chief Officer.

8.7 Each Chief Officer must ensure that there is a designated Budget Manager (Project Manager) who is accountable to their Assistant Director for the

detailed management and financial monitoring of all Capital Schemes. The CFO should be notified of any changes to Budget Managers and Chief Officers must ensure that all capital budgets continue to have a named manager at all times.

- 8.8 Budget Managers must submit regular monitoring returns in line with their Budget Management responsibilities and make the CFO aware of slippage in scheme costs between financial years at the earliest point possible, in order to inform the Council's Treasury Management requirements.
- 8.9 There is no authority for any Officer to overspend their allocated budget and if there are variations in contract costs when compared with the provision in the Medium Term Capital Programme, the relevant Officer must alert the CFO.
- 8.10 Chief Officers must seek Executive approval, following consultation with the CFO, for any proposed amendment to an approved capital scheme.
- 8.11 The CFO will report to the Executive on the monitoring of the Council's approved Capital schemes, including projected expenditure and income.

- 8.13 Officers must ensure that no contracts or commitments are entered into without project approval or scheme of delegation's authority provided.
- 8.14 Where the replacement of capital assets is financed by insurance monies, Chief Officers may authorise additional capital expenditure subject to subsequent report to the Executive and amendment to the Medium Term Capital Programme.

9 Virements (Revenue and Capital)

- 9.1 A virement is the balanced transfer of spending power [or budget] from one place to another, i.e. the overall budget does not change. Virements should support the Council's policies and not result in enhanced service levels or budget commitments beyond the base budget. A virement should not be used for cosmetic purposes within the same budget code. Virements can be revenue or capital in nature.
- 9.2 Virements will only apply to a current year's revenue or capital budget, and should not involve:

- 19.2 Wherever possible services should be billed and paid for in advance and no service delivered until payment has been received.
- 19.3 There are two types of income, invoiced income and un-invoiced income, the requirements of these income streams are set out below:

Cash/Uninvoiced income

- 19.4 Where monies are received for a service at the point of delivery this income should be treated as un-invoiced income.
- 19.5 A record should be maintained of all individual payments, including the amount, time and date of the receipt. This should be compared to the income

held, with appropriate segregation of duties, to ensure all income is banked and verified. Verification of records should be by an appropriate second officer.

19.6 Cash handling should be kept to a minimum. Officers should only collect income as cash when other payment routes are not available, and must put in place additional controls if any income is to be collected as cash, to ensure that;

19.10 Chief Officers have responsibility for ensuring their Service has suitable controls in place with regards to its income generation, and his/her officers are compliant with these rules.

20 Bad Debts/ Write- Offs/ Loss of Income

20.1 The Authority has a duty to maximise revenue collection. However, circumstances may arise in which amounts due must, for all practical purposes, be deemed uncollectable.

20.2 The Accounts and Audit Regulations 2015 require that, in such circumstances, a decision to write-off an amount must be taken with the authority of the CFO, whether exercised personally or properly delegated by him to a member of his staff. The amounts involved, and approval granted, should be recorded in the accounting records.

- 20.3 No such provisions apply where debts are “cancelled” i.e. because they were incorrectly raised (e.g. wrong amount, wrong debtor) or “waived” i.e. because an authorised policy decision was taken not to charge or to reduce the charge of an amount otherwise properly payable by a debtor.

- 22.4 This policy will be reviewed whenever legislative, regulatory or best practice changes materially affect the effectiveness of the current policy. The Council will approve on an annual basis an Annual Treasury Management Strategy, which includes a statement on Prudential Indicators, the Minimum Revenue Provision Policy and Investment Strategy.
- 22.5 The CFO is responsible for reporting to the Executive a proposed treasury management strategy for the coming financial year at or before the start of each financial year and will report to the Executive at least quarterly on the activities of treasury management and the exercise of delegated powers. One such report will comprise an annual report on treasury management for presentation by 30 September of the succeeding financial year.

This statement must be qualified by noting that School Governing Bodies are able to exercise choice over how they purchase insurance (subject to meeting minimum standards and limits of indemnity laid down by the Council) and are not bound to remain within the centrally arranged insurance policies or self-funded provisions if they wish to effect separate arrangements.
