List of Appendices

Appendix: Corporate Plan – Draft Green Sustainable Environment Priority Actions

1. Purpose of Report

- 1.1. To present the latest iteration of the *Green Sustainable Environment* priority actions from the draft Corporate Plan to the Executive Advisory Panel. The report provides the Panel with the opportunity to make comments and feedback to the Executive.

2. Information

Background

- 2.1 A report was considered at the meeting of the Executive on the 15th July 2021 setting out an indicative process and timeline for the development of a Corporate Plan for North Northamptonshire Council.
- 2.2 Each of the Council's Executive Advisory Panels have considered the parts of the draft Corporate Plan most relevant to their scope during their August / September 2021 meetings.
- 2.3 The sections considered most relevant to the Executive Advisory Panel (EAP) for Climate Change, Environment and Growth were considered at the 18th August 2021 meeting.

- 2.4 The section of the draft Corporate Plan for the proposed corporate priority number 4: *Green Sustainable Environment* has been brought back to the 22 September meeting of the Executive Advisory Panel for further consideration.
- 2.5 A public stakeholder consultation is currently underway on the draft summary of the Corporate Plan. This consultation is due to conclude at midnight on Sunday 3rd October 2021. The focus of this consultation is primarily on the first page of the Appendix to the report, setting out the draft proposed vision, values, key commitments and priorities of the Council. Any proposed changes to this page by the Executive Advisory Panel will therefore need to be considered by the Executive alongside the feedback from the public stakeholder consultation.
- 2.6 Consideration of the draft content of the Corporate Plan at the Executive Advisory Panels is an important part of developing the Plan's content. Members of the Executive Advisory Panel are invited to comment on the draft content of the plan and provide advice and feedback to the Executive.
- 2.7 Members should be aware that the plan is work in progress. Executive Directors are working with Executive Members to develop its content. The feedback from the Executive Advisory Panel will inform this process.
- 2.8 The timeline for developing the Plan is tight but considered achievable. Given that this is the first Corporate Plan for the new Council, it is envisaged that it's content will continue to be developed with an opportunity to take stock of the position annually through the Council's Constitutional processes. It is also likely that work will continue to be developed on the outcome measures for the new Corporate Plan.
- 2.9 Delivery of the Corporate Plan will naturally be subjected to the rigour of the Council's Scrutiny function moving forward. The Corporate Plan will set out actions and targets that will allow Scrutiny the opportunity to determine its priorities for future attention.

3. Timeline for Consideration

- 3.1 The indicative process and timetable for adoption of the Corporate Plan is set out below:

Date	Activity	By Whom
18 August – 2 September	Consideration of the Corporate Plan and recommendations made to the Executive	Executive Advisory Panels
28 October 2021	Approval of the draft Corporate Plan and recommendation of adoption of plan	Executive
1 December 2021	Adoption of the Corporate Plan	Full Council

4. Recommendations

- 4.1 That the Executive Advisory Panel consider the draft content of the Corporate Plan as set out in the Appendices and provide feedback and advice as considered appropriate to the Executive.
