## **5. FINANCIAL INFORMATION**

### **5.1 Recharging Principles**

- 5.1.1 All costs and income associated with running the service will be recovered during the financial year in line with the disaggregated budget as approved by each Council respectively.
- 5.1.2 The lead authority shall invoice the receiving authority for the payments quarterly, each payment will be an equivalent proportion of the budget for quarters 1-3, as set out in table 1. Quarter 4 will be a balancing payment or refund to reflect actual expenditure incurred by the host authority, following a reconciliation process as set out in the financial KPI's.
- 5.1.3 Using regular open book management will ensure that any variation from expected volumetrics (performance and financial) will be flagged as soon as it is known to both, to facilitate a review of mitigations/variance management.
- 5.1.4 The full budget for Assistive Technology is funded through Better Care fund allocations. There is no base budget in the West. These figures will need to be reviewed on an annual basis as funding amounts may vary.
